Since this investment is immaterial, Bank do not prepare consolidated Financial Statements.

6 Impact due to the COVID - 19

The outbreak and spread of Coronavirus ("COVID 19") has brought a material adverse impact to business and economic environments in which Banks operate. Taking its potential impact on economy, the government and the Central Bank of Sri Lanka enabled several relief measures for the affected businesses and individuals in the form of debt moratoriums, concessionary interest rates for selected lending products and waiving off certain charges and fees, etc. The Bank has strictly adhered to the guidelines and directions issued by both Government and Central Bank of Sri Lanka (CBSL) when conducting its business operations. However, the implementation of the above measures has negative impact towards the profitability, capital liquidity and credit quality of the banking industry.

7 Expected credit loss model validation

The Bank estimated Expected Credit Loss (ECL) as at December 31, 2020, based on the Probability of Default (PD), Loss Given Default (LGD) and Economic Factor Adjustment (EFA) computed as at December 31, 2020, after validating the impairment model.

Based on the impairment model revalidation, product segmentation has been re-organized after evaluating the credit risk characteristics of loan facilities. Also, Loss Given Default (LGD) and Economic Factor Adjustment (EFA) has validated as at 31st December 2020. Analysis of loans and advances, commitments, contingencies and impairment to these financial Statements has disclosed the product segmentation as at 31st December 2020, after validating the impairment model.

8 New amendments to Income Tax Law

Based on the Circular No. SEC/2020/03 dated 19th May 2020 issued by Department of Inland Revenue, income tax rate applicable for the Banking sector has been reduced to 24% with effect from 01st January 2020. However, as the said amendment is yet to be enacted, both income tax and deferred tax provisions were calculated at the rate of 28% for the year ended 31st December 2020.

If the Bank considered the revised rate of 24% announced by the government in the computation of current and deferred tax, the income tax charge recognized in the P&L would have decreased by Rs.80Mn and the profitability of the year would be Rs. 914.58Mn
